3 Conclusion 17

1 Introduction

This report documents the HTML5 validation process for the EventsX website. All pages were tested using the **W3C Markup Validation Service** to ensure compliance with modern web standards.

The report details the initial validation status, any errors or warnings identified, and the corrective actions taken to resolve them.

2 Validation Findings

2.1 1. Home Page (index.html)

Status: Valid HTML5 (Passed)

- **Errors:** 0
- **Warnings:** 0
- **Info Messages:** 0

Resolution Notes

No warnings or errors were reported. The page passed validation successfully

The screenshot shows the W3C Markup Validation Service interface. At the top, there are checkboxes for 'source', 'outline', 'image report', and 'errors & warnings only', followed by an 'Options...' button. Below this is a dropdown menu 'Check by' set to 'text input' with a 'CSS' checkbox. The main area contains the HTML code of the index page, which is valid. At the bottom left is a 'Check' button, and at the bottom right is a 'Close' button. A green status bar at the bottom indicates 'Document checking completed. No errors or warnings to show.' Below it, smaller text says 'Used the HTML parser.' and 'Total execution time 10 milliseconds.'

Figure 1: Index Page Validation Results

2.2 2. About Us (about.html)

Status: Valid HTML5 (Passed)

- **Errors:** 0
- **Warnings:** 0
- **Info Messages:** 0

Resolution Notes

No warnings or errors were reported. The page passed validation successfully

```
<!DOCTYPE html>
<html lang="en">
<head>
    <meta charset="UTF-8">
    <meta name="viewport" content="width=device-width, initial-scale=1.0">
    <meta name="description" content="About EventsX : purpose, audience, and how the platform helps students discover learning opportunities.">
    <meta name="keywords" content="EduConnect, About Us, education platform, student events, workshops, seminars">
    <link rel="stylesheet" href="css/common.css">
    <link rel="stylesheet" href="css/about.css">
    <meta name="author" content="Your Full Name">
    <title>About Us EventsX- EduConnect</title>
</head>
```

Check

Document checking completed. No errors or warnings to show.

Used the HTML parser.
Total execution time 8 milliseconds.

Figure 2: About Page Validation Results

2.3 3. Contact (contact.html)

Status: Valid HTML5 (Passed)

- **Errors:** 0
- **Warnings:** 0
- **Info Messages:** 0

Resolution Notes

No warnings or errors were reported. The page passed validation successfully

```
<!DOCTYPE html>
<html lang="en">
<head>
    <meta charset="UTF-8">
    <meta name="viewport" content="width=device-width, initial-scale=1.0">
    <meta name="description" content="Contact EduConnect via email and phone, and follow our social media pages.">
    <meta name="keywords" content="EduConnect, contact, email, phone, social media, LinkedIn, Facebook, Twitter">
    <meta name="author" content="Your Full Name">
    <link rel="stylesheet" href="css/common.css">
    <link rel="stylesheet" href="css/contact.css">
    <title>Contact - EduConnect</title>
</head>
```

Check

Document checking completed. No errors or warnings to show.

Used the HTML parser.
Total execution time 7 milliseconds.

Figure 3: Contact Page Validation Results

2.4 4. Registration Page (registration.html)

Status: Valid HTML5 (Passed)

- **Errors:** 0
- **Warnings:** 0
- **Info Messages:** 0

Resolution Notes

No warnings or errors were reported. The page passed validation successfully.

The screenshot shows the W3C Markup Validation Service interface. At the top, there are checkboxes for 'source', 'outline', 'image report', 'errors & warnings only', and 'Options...'. Below that, a dropdown menu says 'Check by [text input] CSS'. The main area contains the HTML code for 'registration.html'. At the bottom left is a 'Check' button, and at the bottom right is a 'Close' button. A green bar at the very bottom of the page says 'Document checking completed. No errors or warnings to show.' Below this bar, small text indicates 'Used the HTML parser.' and 'Total execution time 8 milliseconds.'

Figure 4: Registration Page Validation Results

2.5 5. Thank You Page (thank.html)

Status: Valid HTML5 (Passed)

- **Errors:** 0
- **Warnings:** 0
- **Info Messages:** 0

Resolution Notes

No warnings or errors were reported. The page passed validation successfully.

```
<!DOCTYPE html>
<html lang="en">
<head>
<meta charset="UTF-8">
<meta name="viewport" content="width=device-width, initial-scale=1.0">

  content="Thank you page confirming successful registration on EduConnect.">
<meta
  name="keywords"
  content="EventsX, EduConnect, registration success, thank you, event confirmation">
<meta name="author" content="Your Full Name">
<link rel="stylesheet" href="css/common.css">
```

Check

Document checking completed. No errors or warnings to show.

Used the HTML parser.
Total execution time 6 milliseconds.

Figure 5: Thank you Page Validation Results

2.6 6. Budget-calculator (budget-calculator.html)

Status: Valid HTML5 (Passed)

- **Errors:** 0
- **Warnings:** 0
- **Info Messages:** 0

Resolution Notes

No warnings or errors were reported. The page passed validation successfully.

Showing results for contents of text-input area (checked with vnu 26.1.5)

```

<meta name="author" content="Your Full Name">
<link rel="stylesheet" href="css/common.css">
```

Check

Document checking completed. No errors or warnings to show.

Used the HTML parser.
Total execution time 12 milliseconds.

Figure 6: Budget-calculator Validation Results

2.7 7. Events (events.html)

Status: Valid HTML5 (Passed)

- **Errors:** 0
- **Warnings:** 0
- **Info Messages:** 0

Resolution Notes

No warnings or errors were reported. The page passed validation successfully.

The screenshot shows the W3C Markup Validation Service interface. At the top, there's a 'Checker Input' section with a 'Text input' field containing the HTML code for 'events.html'. Below the input field are several checkboxes: 'Show', 'source', 'outline', 'image report', 'errors & warnings only', and 'Options...'. A dropdown menu 'Check by' is set to 'text input'. The main area displays the HTML code. At the bottom left is a 'Check' button. A green bar at the bottom states 'Document checking completed. No errors or warnings to show.' Below this bar, smaller text indicates 'Used the HTML parser.', 'Total execution time 11 milliseconds.', and a copyright notice '© 2002-2025 W3C® (MIT, INRIA, Keio University) FUD'.

Figure 7: Events Page Validation Results

2.8 Login (login.html)

Status: Valid HTML5 (Passed)

- **Errors:** 0
- **Warnings:** 0
- **Info Messages:** 0

Resolution Notes

No warnings or errors were reported. The page passed validation successfully.

Checker Input

Show source outline image report errors & warnings only Options...

Check by CSS

```
<!DOCTYPE html>

</head>

<body id="privacyPage">
  <!-- ===== HEADER SECTION ===== -->
```

Document checking completed. No errors or warnings to show.

Used the HTML parser.
Total execution time 11 milliseconds.

Figure 9: Privacy Page Validation Results

2.10 Profile (profile.html)

Status: Valid HTML5 (Passed)

- **Errors:** 0
- **Warnings:** 0
- **Info Messages:** 0

Resolution Notes

No warnings or errors were reported. The page passed validation successfully.

The screenshot shows the W3C Markup Checker interface. At the top, there are several checkboxes: 'Show' (unchecked), 'source' (unchecked), 'outline' (unchecked), 'image report' (unchecked), 'errors & warnings only' (unchecked), and 'Options...'. Below these is a dropdown menu 'Check by' set to 'text input' (unchecked) and a 'css' checkbox (unchecked). The main area contains the HTML code of the profile page. At the bottom left is a 'Check' button. A green bar at the bottom states 'Document checking completed. No errors or warnings to show.' Below this, smaller text indicates 'Used the HTML parser.' and 'Total execution time 8 milliseconds.'

Figure 10: Profile Page Validation Results

2.11 Terms (terms.html)

Status: Valid HTML5 (Passed)

- **Errors:** 0
- **Warnings:** 0
- **Info Messages:** 0

Resolution Notes

No warnings or errors were reported. The page passed validation successfully.

The screenshot shows the W3C Markup Validation Service interface. At the top, there are checkboxes for 'Show' (source, outline, image report, errors & warnings only) and 'Options...'. Below that, a dropdown menu says 'Check by [text input] ▾' and has a 'css' checkbox. The main area contains the HTML code for the 'Terms' page, which includes meta tags for charset, viewport, and keywords, and a title 'Terms of Service - EduConnect'. A note at the bottom of the code area says '<!-- ===== HEADER SECTION ===== -->'. At the bottom left is a 'Check' button. Below the code area, a green bar says 'Document checking completed. No errors or warnings to show.' and notes 'Used the HTML parser.' and 'Total execution time 12 milliseconds.'</p>

Figure 11: Terms Page Validation Results

2.12 Student dashboard (student-dashboard.html)

Status: Valid HTML5 (Passed)

- **Errors:** 0
- **Warnings:** 0
- **Info Messages:** 0

Resolution Notes

No warnings or errors were reported. The page passed validation successfully.

The screenshot shows the W3C Markup Validation Service interface. At the top, there are checkboxes for 'Show' (source, outline, image report, errors & warnings only) and 'Options...'. Below that, a dropdown menu says 'Check by [text input] ▾' and has a 'css' checkbox. The main area contains the HTML code for the 'Student dashboard', which includes a note about AI tools usage and a meta tag for description. At the bottom left is a 'Check' button. Below the code area, a green bar says 'Document checking completed. No errors or warnings to show.' and notes 'Used the HTML parser.' and 'Total execution time 14 milliseconds.'

Figure 12: Student dashboard Validation Results

2.13 Common styles (common.css)

Status: Valid CSS (Passed)

- **Errors:** 0
- **Warnings:** 0
- **Info Messages:** 0

Resolution Notes

No warnings or errors were reported. The page passed validation successfully.

The screenshot shows the W3C CSS Validation Service interface. At the top, there's a blue header bar with the W3C logo and the text "The W3C CSS Validation Service". Below the header, it says "W3C CSS Validator results for common.css (CSS level 3 + SVG)". A green banner at the top indicates "Congratulations! No Error Found.". Below the banner, a message states "This document validates as [CSS level 3 + SVG](#)!". At the bottom of the screenshot, there's a link "Jump to: Validated CSS".

3 Conclusion

The HTML5 validation process was successful. Most pages passed with zero errors immediately. Pages containing obsolete attributes (specifically border on tables) were corrected by removing the non-compliant attributes. All pages are now technically valid or have justified warnings that do not impact functionality.
